

**Intro.** Gives user overview of the application, informing them of what to prepare and expect, and that some screens may be skipped depending on their answers.

**Next,** the user indicates their contact preferences. They will then be prompted for information based on their answer.

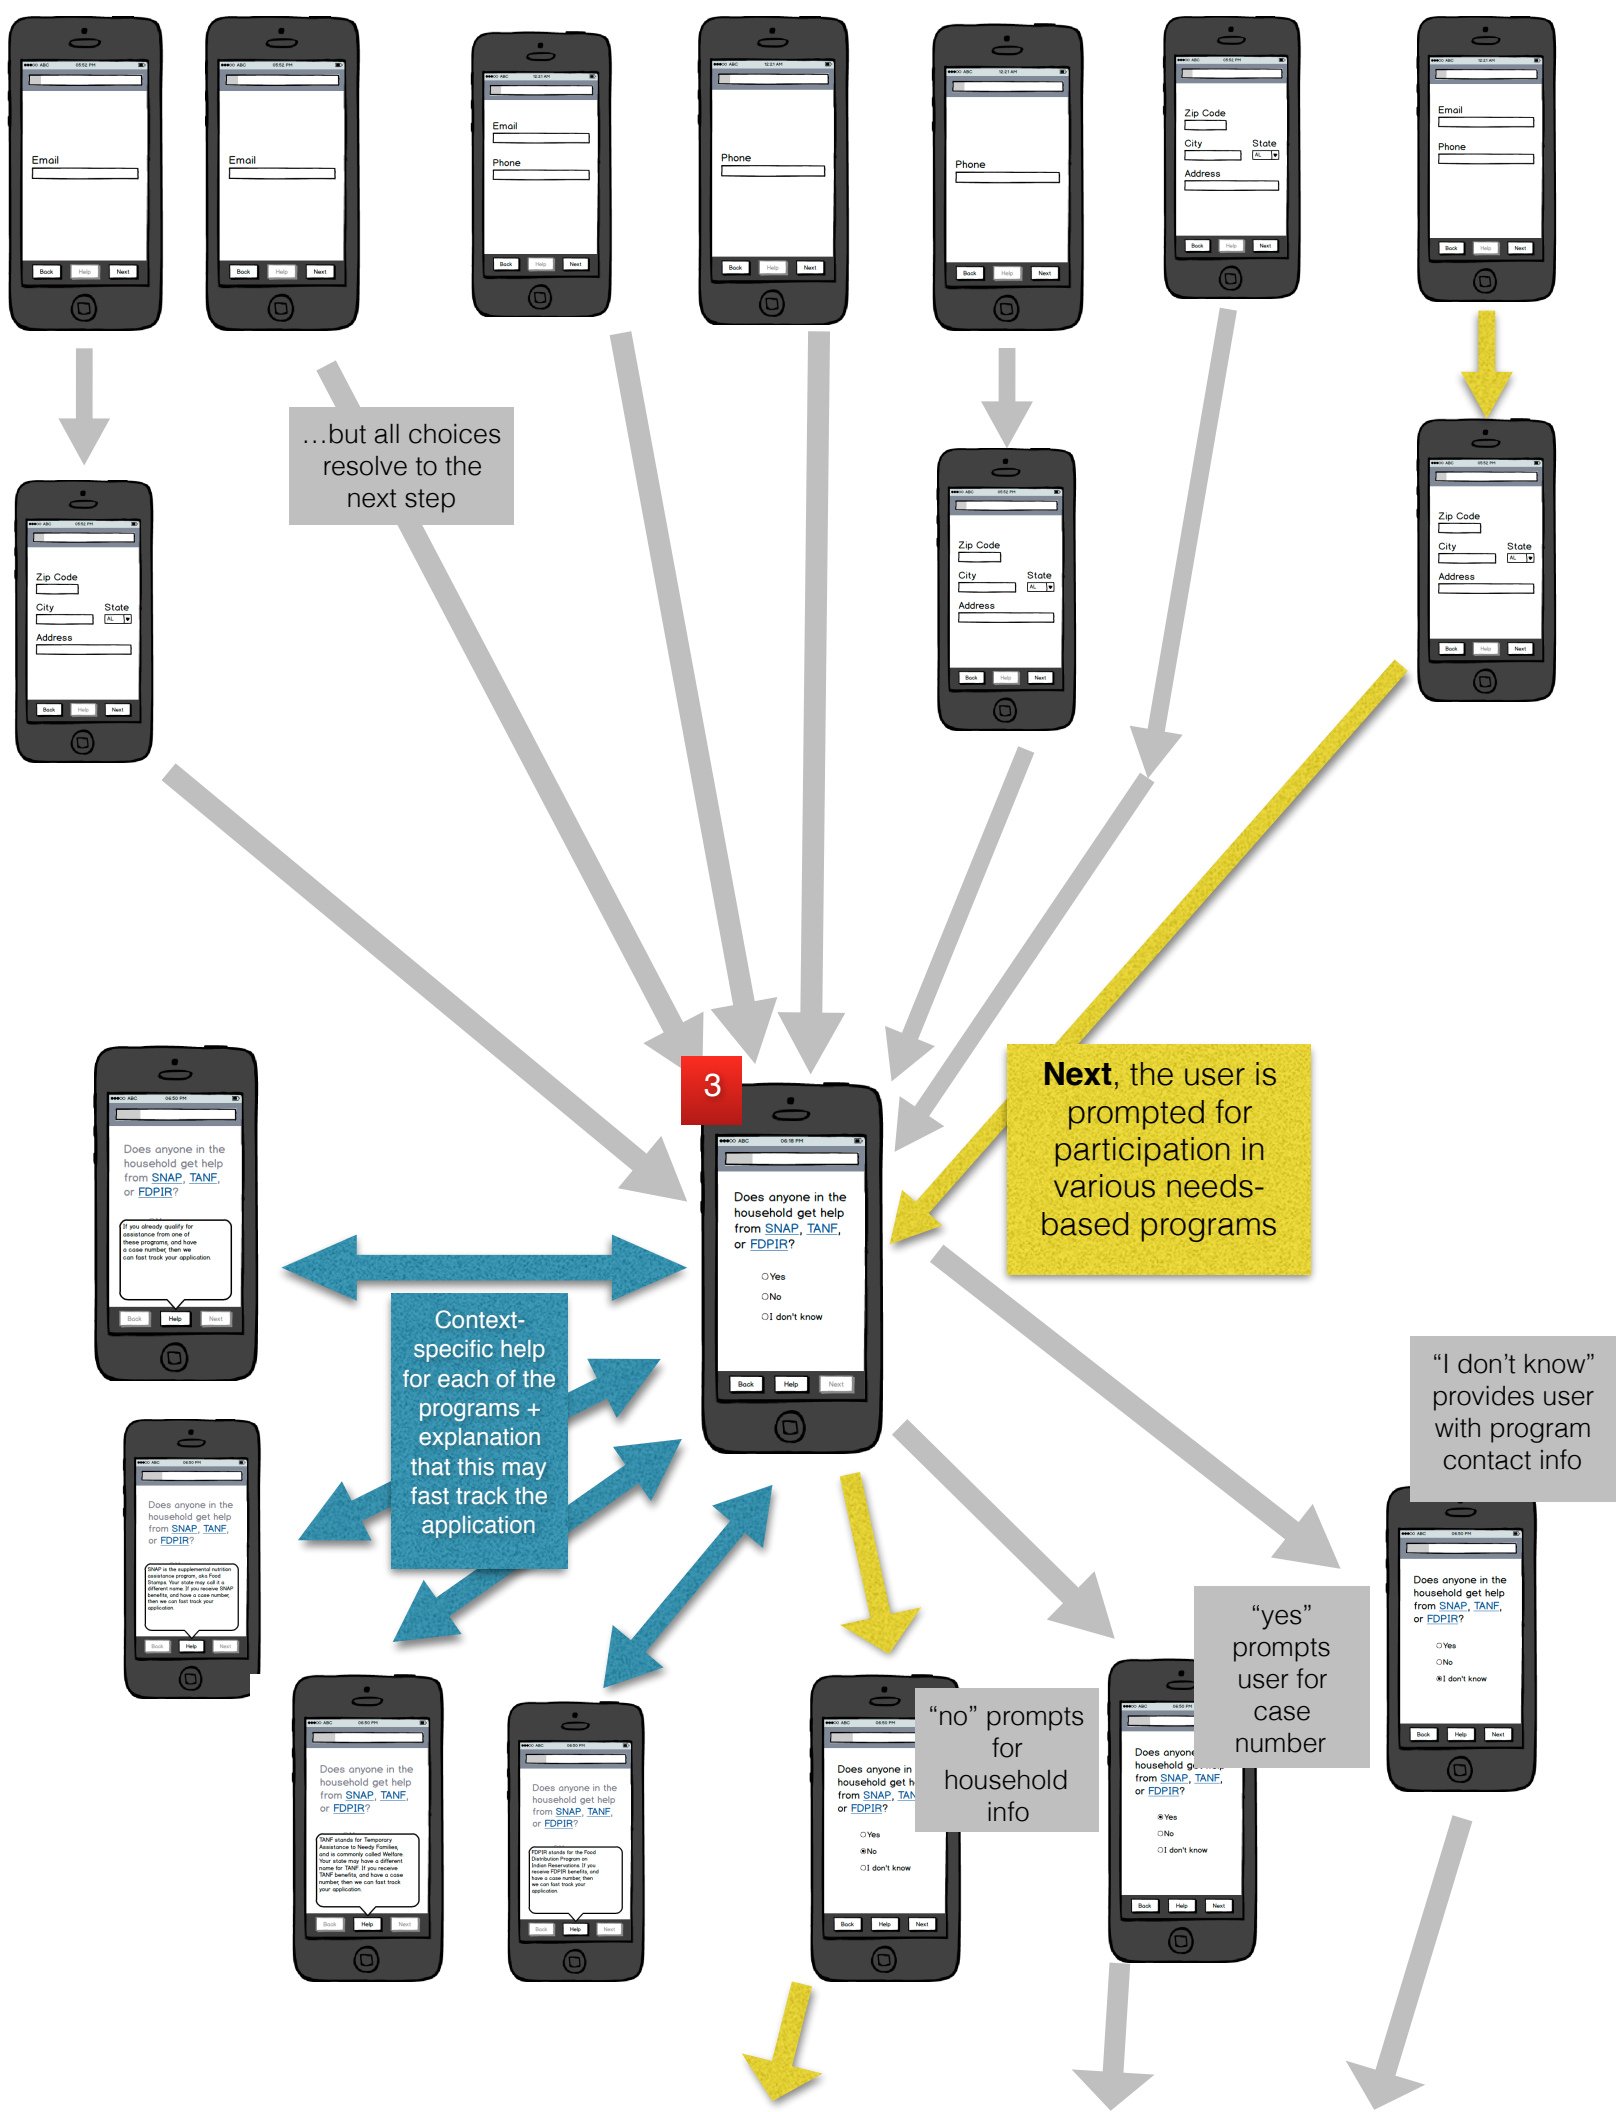

If the user is confused about the contact screen, they can click help, which reassures the user

the user can select any combination of the three...

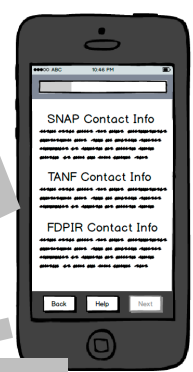

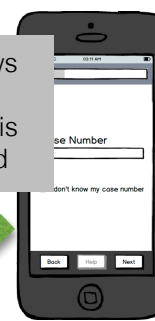

**Next**, the user is prompted for number of household members

4

if user knows case #, application is fast tracked

**FAST TRACK**

if the user doesn't know their case #, contact info is provided, app is not fast tracked

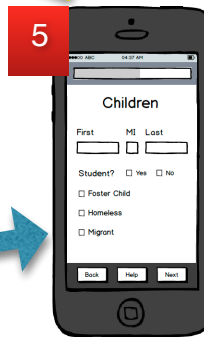

Explains the user should contact the program admins to get their case #

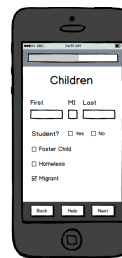

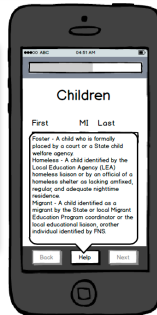

**Next**, the user is prompted for basic information about *each* child, as well as their status as foster, homeless, or migrant students

(repeat for each child)

5

Explains the definitions of migrant, foster or homeless so the user can answer accurately

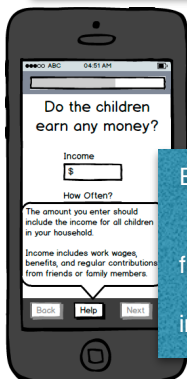

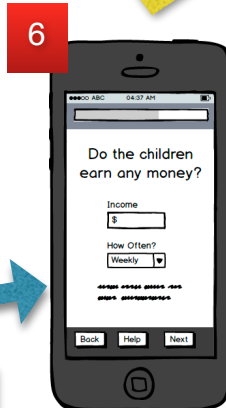

if a child is indicated to be homeless or foster, the application is fast tracked

**FAST TRACK**

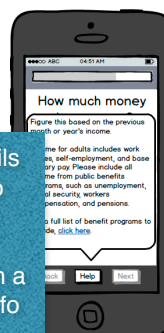

**Next**, the user provides the total income for all children in the household, at once.

6

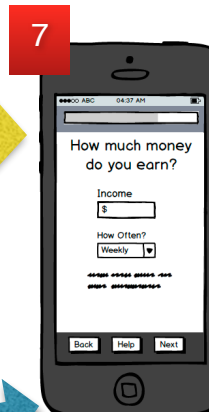

Explains that the amount should reflect income from all children, and what that income might be

Explains details about how to report adult income accurately, with a link to more info

7

(repeat for each adult)

**Next**, the user is prompted to enter the income for each adult in the household
